Fig. 4

Fig. 5

1. Locate the side supports and casters. Push the casters into the plastic inserts on the bottom of the side supports. Fig. 1 (Note: If you have threaded casters then screw them into the plastic inserts an adjustable wrench may be required.)
2. Next locate the wire shelf and place hook onto the bottom of the side support as shown in Fig. 2, 3 and 4. Procedure is the same for both sides. (Press firmly)
3. Install the top shelf in the same manner as the bottom. When properly assembled the Rolling Deli Rack should look like Fig. 5
